

WE WOULD SERVE YOU

Do not think the Cape County Savings Bank as being merely a place to deposit your money. While the primary function of a bank is to safeguard the people's money we feel that our obligation to the community requires a great deal more of this bank. It is our desire to render to our patrons every service and accommodation that can reasonably be expected of a well managed bank. It frequently happens that our business experience enables us to make helpful suggestions in business matters, and we are anxious and willing to do what we can for the best interests of customers, and we invite you to come to us often. It is a pleasure to us to have you speak of this bank as YOUR BANK and of us as YOTR BANKERS.
